Diana,

Would you happen to have a contact name & phone number for someone within the Department of Sanitation that could assist with allowing the BID to utilize the city transfer site at 4133 Bandini location? Any assistance you can give me would be greatly appreciated.

My understanding is that the BID's were allowed (for a fee) to use the yard to dispose of trash that we pick up in our district, wanted to confirm that first off and second if we are able to how do I go about setting that up.

Thank you Diana & Bladimir

Subject: FW: APN 5144-020-040 - 810 S Flower Street, Los Angeles, CA 90017 - Gas Company Lofts

Hi Dennis and Rick,

We are revisiting the possibility of increasing the assessment or perhaps a direct billing for the difference for this parcel 5144-020-040 due to the incorrect square footage listed by the Assessor's Office, since their office is our primary source for this information. Currently we are accessing this building at \$3,824.16 @35,806 Sq Ft after extensive research I have located the updated Sq Ft and the reason why it was not updated until recently. This parcel should be accessed based on the 339,489 Sq Ft at \$29,196.05 for a difference of \$25,371.89. See the following communications below from the Assessor's office as to why their Sq Ft information was not updated until recently.

Thanks You,

Herman Pang

Subject: RE: APN 5144-020-040 - 810 S Flower Street, Los Angeles, CA 90017 - Gas Company Lofts

Hello,

I researched the information in our files and it appears that the square footage was corrected to 339,489 sqft in June 2013. The office buildings were built in 1924, 1942, and 1960, and were converted in 2004 to apartment buildings. In 2002, there were parcels changes and the square footage of the buildings were not updated to the our database properly. In 2013, an appraiser noticed that parcel 5144-020-040 was showing only 8383 sqft on the database, and updated the square footage to reflect the information in our paper files. Please let me know if you have any additional questions. Thank you.

Subject: APN 5144-020-040 - 810 S Flower Street, Los Angeles, CA 90017 - Gas Company Lofts

I am with the Los Angeles Downtown Center Business Improvement District and I am trying to determine and locate the official building square footage for this property for our property assessments APN 5144-020-040. From 2008 – 2012 our data that we have been obtaining from the county indicated that the building square footage was only listed at 8,339 sqft. Then in 2014 when we checked on this parcel for our annual data submittal we noticed that the building sqft increased to 339,489 sqft. Checking at building and safety I located their Certificate of Occupancy issued on 09/10/2004 but there is no building sqft information associated with it, further investigation on the property building permits and various certificate of occupancy's over the years do not indicate the entire building square footage.

Due to the lower building square footage that was listed over the years we have been under assessing this property and I am seeking supporting documentation on the building's square footage to allow us to properly assess this property.

Sincerely,

Herman Pang

Subject: Re: Homeless Donation Meters

I think the costs would now change because these are with the old non profit and their quotes. It's a little more complicated and I can meet with you to break it down more specifically and get a better idea of what it would cost you all to operate. The larger bulk to the cost is to Chrysalis for maintenance and collection but the non profit gave a quote of a total of about \$5,000 to operate internally. They've stressed over and over how easy it is to maintain this program and they will still be helping and a great resource for us in LA.

Revenue is in the 2nd tab of the excel sheet, I anticipate the first year being \$36,000 and \$20,600 second year and on. This does not include the funds from the meters themselves, this is merely sponsorship dollars. It would be a little difficult to estimate how much people would donate from the meters themselves.

The chosen locations are:

1. Broad Musuem
2. Weller Court, Little Tokyo
3. Grand Central Market
4. Civic Center
5. Urth Cafe
6. Starbucks on 11th and Grand
7. Grand Park
8. Figat7th
9. LA Live/ Convention Center
10. The Bloc
11. City Market South
12. Pershing Square

I only have an official yes from the Starbucks in south Park and am working on securing the rest. I will be securing these 12 to start and moving forward if anyone drops out our offices will work together to get new sponsors in their place.

Let me know if there are any other questions! I'm happy to come speak to your board as well.

Thanks
Diana

No worries. I understand. Before we proceed we have a few questions and would like to have you come present to the BID Board at our meeting on March 2, from 8:00 a.m. – 9:30 a.m. Would you be available to attend?

As far as the questions, can you please let me know which property owners have agreed to sponsor locations and where those locations are? Would there be a requirement for the BID to solicit additional locations or would we just start with these?

With regards to the budget that was provided, is the estimated cost of \$18,400 what would be paid to the BID for managing the program? What do you estimate would be the revenue from both sponsorships and donations?

Thanks so much.

Hey there,

Thank you so much for meeting with me last week! I wanted to see if you have any other questions or any updates? The Councilmember would like the funds to go towards the new initiative C3, not sure if you're familiar with that but I'm happy to fill you in. We're actually really excited about that and think it's such a great idea. That's another question that has been figured out and he did approve the locations so I would like to run them by you as well if this is something you are all interested in.

With that, the program is definitely on its way with just a couple last minute things to hash out. Happy to jump on a call if needed. Let me know what you need from me.

Thanks
Diana

Subject: Homeless Donation Meters

Hey there,

Thank you so much for meeting with me last week! I wanted to see if you have any other questions or any updates? The Councilmember would like the funds to go towards the new initiative C3, not sure if you're familiar with that but I'm happy to fill you in. We're actually really excited about that and think its such a great idea. That's another question that has been figured out and he did approve the locations so I would like to run them by you as well if this is something you are all interested in.

With that, the program is definitely on its way with just a couple last minute things to hash out. Happy to jump on a call if needed. Let me know what you need from me.

Thanks

Diana

Greetings Diana

That particular transfer station on Bandini does not belong to the city; therefore, we can not make any decisions related to request.

Best regards,

On the Road to Zero Waste!

My understanding is that the BID's were allowed (for a fee) to use the yard to dispose of trash that we pick up in our district, wanted to confirm that first off and second if we are able to how do I go about setting that up.

Moving Los Angeles Forward

Feature Photo: Sixth Street Viaduct Bids Farewell

40 Hour Full Closure of 101 Freeway

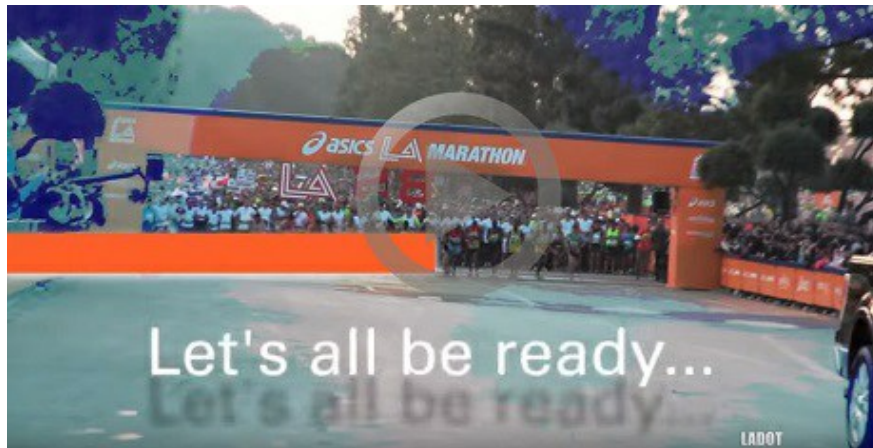

The City of Los Angeles, Bureau of Engineering, has announced that a portion of US 101 will be closed for 40 hours to enable safe demolition of a section of the Sixth Street Viaduct, located over the freeway. The bridge closed to all traffic on January 27th as part of the \$449 million Sixth Street Viaduct Replacement Project. Plan ahead, expect delays and use alternate routes. For more information please visit: <http://www.sixthstreetviaduct.org/>

California Road Charge Pilot Announced

"Road Charge" is an innovative funding mechanism that allows drivers to support road maintenance based on the distance they travel or the period of time they use the roads, rather than the amount of gasoline they consume. The revenues currently available for highway and local roads are insufficient for preserving and maintaining road infrastructure, reducing congestion and improving the driving experience. This pilot program is a field trial to explore road charging as a potential long-term replacement for the gas tax. An anticipated 5,000 volunteer participants will test various road charging methods to compare how the performance of each concept measures against criteria. The pilot program will inform the Legislature's decision on whether and how to move forward with a full-scale road charge program. If you would like to participate, sign up [here](#).

Subject: My Figueroa Communications Strategy: Third and Final Meeting

Hi all,

I will be sending out a doodle poll shortly to check your availability for the final My Figueroa Communications Strategy meeting for mid-April. We previously postponed this meeting due to delays in the construction start date of the project, now anticipated for July of 2016. The previous two meetings helped to inform the campaign themes, and this meeting focus will be how you all can help to leverage the communication effort going forward as we anticipate changes to corridor operations during and after the construction period.

Campaign updates:

- We have updated the MyFigueroa website (myfigueroa.com)
- We have developed a printed postcard and poster to distribute, to announce the construction, encourage riding transit or biking, and to drive people to the website. Those can be downloaded [here](#), and we also have printed copies we can provide.
- We will have street pole banners that should be up on the southern end of the corridor.
- We have launched the safety component of our campaign, [Bike Safe USC](#), and will be proceeding with workshops in fall of 2016.

I wanted to thank you all for your participation so far in shaping a clear and engaging communication strategy in advance of My Figueroa construction, and I look forward to seeing you in April.

NOTIFICATION OF NEW ENTITLEMENT APPLICATIONS – EARLY NOTIFICATION REPORT

To: Business Improvement District (BID) Contacts

From: Iris Fagar-Awakuni, BID Liaison

Subject: LA City Planning BID Case report

Attached is the Planning Department's bi-weekly Early Notification Report for Business Improvement Districts (BID's). The purpose of this report is to provide BID's with the earliest possible information about all applications for planning entitlements that have been filed in your BID area, even though not all applications are complete and some cases may eventually be withdrawn. Included in the report is contact information about the applicant so your BID can obtain more information about the project very early in the process. A separate report is shown for each BID. You will see that the report is provided in PDF and Excel formats.

The information in the report is sorted by BID. If there are any questions, please contact Iris Fagar-Awakuni at (213) 978-1249 or Iris.Fagar-Awakuni@lacity.org.

NOTIFICATION OF NEW ENTITLEMENT APPLICATIONS – EARLY NOTIFICATION REPORT

To: Business Improvement District (BID) Contacts

From: Iris Fagar-Awakuni, BID Liaison

Subject: LA City Planning BID Case report

Attached is the Planning Department's bi-weekly Early Notification Report for Business Improvement Districts (BID's). The purpose of this report is to provide BID's with the earliest possible information about all applications for planning entitlements that have been filed in your BID area, even though not all applications are complete and some cases may eventually be withdrawn. Included in the report is contact information about the applicant so your BID can obtain more information about the project very early in the process. A separate report is shown for each BID. You will see that the report is provided in PDF and Excel formats.

The information in the report is sorted by BID. If there are any questions, please contact Iris Fagar-Awakuni at (213) 978-1249 or Iris.Fagar-Awakuni@lacity.org.

Subject: Street closures this weekend (Feb 13-15)

Attachments: Olympic Trails Course.pdf; 2016 MARATHON STREET CLOSURE -A.pdf; Additional-Street-Closures-2016_1.pdf; Freeway-Closures-2016.pdf; Grammy Street Closures.pdf

Good Afternoon,
This weekend will be very busy for Special Events in Downtown Los Angeles. This will involve many street closures, including the following:

Saturday Feb 13

1) LA Big 5k (Dodger Stadium)

This is a prelude to the Los Angeles Marathon. The streets closed will be near Elysian Park along Academy Road and Stadium Way near Dodger Stadium. Street closures will begin at approx 6 AM and re-open by 10 AM.

2) Golden Dragon Parade (Chinatown)

This is the Chinese New Years Parade. The streets closed will be Hill Street and Broadway from the 101 Freeway to Bernard Street. The closures will begin approximately 11AM and last until approx 5 PM. Hill Street and the northbound 110 Fwy on-ramp will likely be

re-opened by 4 PM.

3) Olympic Marathon Trials (LA Live to Coliseum)

This is the qualifier for the US Olympic Team. Street closures along Figueroa between Olympic and Martin Luther King Bl will begin approx 7:45 AM and continue until approx 1:30 PM. (See Attached Map) or check the website at <http://www.latrials2016.com/>

Sunday Feb 14

1) Los Angeles Marathon (Dodger Stadium to Santa Monica)

Street Closures for this event will begin approx 4:30 AM, and the entire course will be closed by 6 AM. These closures will last until the last runner/walker goes through the course. There are several categories including hand-cycle race at 6:30 AM and the larger full field race beginning at 6:55 AM. It is anticipated the Downtown streets will be re-opened by 10 AM. See attached closure lists or go to the website at <http://www.lamarathon.com>

Monday Feb 15 (Presidents Day)

1) 2016 Grammy Awards (Staples Center)

Street closures for this event will be similar to previous years. Figueroa and LA Live Way will be closed from Pico to Olympic Bl for security screening. This will also impact the Pico off-ramp to the northbound 110 Freeway. These closures will begin at 4 AM and continue throughout the day. LA Live Way will re-open at approx 9 PM and Figueroa will remain closed until approx 2 AM on Tuesday Morning. (See attached map)

Some of this information may just be a reminder. Please pass this information onto any person you feel may be impacted by these closures.

Thank you,

Kelli,

Marie Rumsey at CCA suggested I get in touch with you about two of our top initiatives for 2016.

- 1) **DTLA: Innovation District** is a report and series of events we are doing in partnership with the Brookings Institute and Pershing Square Renew
- 2) **DTLA: Creative Capital** is a report and summit we are doing in partnership with ArtsBrookfield and the Downtown Cultural Stakeholders Group

I have attached our internal project briefs for both of these programs and would like very much to arrange a time to discuss with you in more detail.

Please let me know what your schedule looks like over the next few weeks and/or whether there is someone else I should be talking for either of these projects.

Thanks.

Sent: Friday, February 12, 2016 5:08 PM
To: John Yanez
Subject: On the move

John --

Los Angeles is a city on the move.

My office is working on neighborhood improvements every day to enhance your quality of life and make our streets safer for pedestrians. As you'll see below, this week we collaborated with the Department of Transportation to install a new four-way stop in Echo Park and an advanced pedestrian warning device in East Hollywood. Since taking office in July of 2013, **we have completed 21 pedestrian safety measures across the district**. Many more are on the way.

Also this week I helped break ground on a new affordable housing project just a short walk from the Vermont/Beverly Metro Station. Meridian Apartments will provide 100 affordable units, and is a truly sustainable development that will improve the built environment near a major transit corridor in the City of Los Angeles. This LEED-certified project is something I am extremely proud of -- it's one of the first that came through my office for approval. In order to provide additional affordable units at the site, my office supported and facilitated the applicant to ensure the project would include larger apartments to match the needs of low-income families.

And as I work on solutions to our affordable housing and homelessness crises, my colleagues and I approved a [Comprehensive Homelessness Strategy Report](#), a blueprint to ending homelessness in the City of Los Angeles. These strategies include fully funding the affordable housing trust fund, creating more bridge housing and emergency shelters, and exploring solutions for addressing youth homelessness. There is still more to do on this issue, and the real work will begin in the coming months as we identify funding for these strategies in the upcoming budget process.

Folks, we are a city on the move. We are tackling the issues and improving our neighborhoods, Together, every day, we are making Los Angeles better than ever.

Warm regards,

Mitch O'Farrell

Subject: On the move

Dalia --

Los Angeles is a city on the move.

My office is working on neighborhood improvements every day to enhance your quality of life and make our streets safer for pedestrians. As you'll see below, this week we collaborated with the Department of Transportation to install a new four-way stop in Echo Park and an advanced pedestrian warning device in East Hollywood. Since taking office in July of 2013, **we have completed 21 pedestrian safety measures across the district**. Many more are on the way.

Also this week I helped break ground on a new affordable housing project just a short walk from the Vermont/Beverly Metro Station. Meridian Apartments will provide 100 affordable units, and is a truly sustainable development that will improve the built environment near a major transit corridor in the City of Los Angeles. This LEED-certified project is something I am extremely proud of -- it's one of the first that came through my office for approval. In order to provide additional affordable units at the site, my office supported and facilitated the applicant to ensure the project would include larger apartments to match the needs of low-income families.

And as I work on solutions to our affordable housing and homelessness crises, my colleagues and I approved a [Comprehensive Homelessness Strategy Report](#), a blueprint to ending homelessness in the City of Los Angeles. These strategies include fully funding the affordable housing trust fund, creating more bridge housing and emergency shelters, and exploring solutions for addressing youth homelessness. There is still more to do on this issue, and the real work will begin in the coming months as we identify funding for these strategies in the upcoming budget process.

Folks, we are a city on the move. We are tackling the issues and improving our neighborhoods, Together, every day, we are making Los Angeles better than ever.

Warm regards,

Mitch O'Farrell

COMING UP - COUNCILMEMBER IN YOUR CORNER - GLASSELL PARK

GLASSELL PARK - Join Los Angeles City Councilmember Mitch O'Farrell on **Saturday, February 27, 9:30 a.m.**, for his next beautification event and community walk to meet neighbors and distribute important contact information for free city services.

TRAFFIC ADVISORY - THIS SUNDAY - PARKING RESTRICTIONS AND ALTERNATE ROUTES FOR LA MARATHON

LOS ANGELES -- Councilmember Mitch O'Farrell urged his constituents to be aware of a major event scheduled to take place this weekend that will force the closure of Sunset Boulevard and many of its

north-south arteries.

The 26.2-mile Skechers Performance LA Marathon will trek along a similar route to previous years, going from downtown's Dodger Stadium to the Pacific coast. The race begins on Sunday, February 14 at 6:30 a.m for Wheelchairs, 6:32 a.m. for Handcranks, 6:45 a.m. for Elite Women's field, and 7:00 a.m. for all other participants.

O'FARRELL FLIPS SWITCH ON NEW PEDESTRIAN WARNING SIGNAL ON HOLLYWOOD BLVD

EAST HOLLYWOOD - Councilmember Mitch O'Farrell flipped the switch on a newly installed Advance Pedestrian Warning Device at Hollywood Boulevard and Lyman Place in East Hollywood. This flashing yellow light will alert motorists to pedestrians crossing, and provide improved access for those walking along this commercial corridor. A big thank you to the Los Angeles Department of Transportation for working with CD13 on this much needed neighborhood enhancement!

NEW FOUR WAY STOP CALMS CUT-THROUGH TRAFFIC AT BONNIE BRAE AND KENT STREETS

ECHO PARK - Councilmember O'Farrell worked with the Los Angeles Department of Transportation (LADOT) to install a four-way stop at Bonnie Brae and Kent Streets in record time! Five weeks ago, a constituent alerted our office about this heavily traveled intersection, which has become a cut through in recent years. The new signs and street markings will create an even safer neighborhood experience. Thanks LADOT for the quick turn around!

Nick,

Thank you for reaching out. Thanks for reaching out to us at the outset of this initiative. We'd be happy to provide insight and background. William Chun cc'ed here and I work under Kelli on her business team. Between us, we focus on real estate, policy and innovation. We'd be happy to meet in the next two weeks or so to discuss.

Best,
Michelle

Kelli,

Marie Rumsey at CCA suggested I get in touch with you about two of our top initiatives for 2016.

- 1) **DTLA: Innovation District** is a report and series of events we are doing in partnership with the Brookings Institute and Pershing Square Renew
- 2) **DTLA: Creative Capital** is a report and summit we are doing in partnership with ArtsBrookfield and the Downtown Cultural Stakeholders Group

I have attached our internal project briefs for both of these programs and would like very much to arrange a time to discuss with you in more detail.

Please let me know what your schedule looks like over the next few weeks and/or whether there is someone else I should be talking for either of these projects.

Thanks.

Nick

Nick,

Thank you for reaching out. Thanks for reaching out to us at the outset of this initiative. We'd be happy to provide insight and background. William Chun cc'ed here and I work under Kelli on her business team. Between us, we focus on real estate, policy and innovation. We'd be happy to meet in the next two weeks or so to discuss.

Best,
Michelle

Kelli,

Marie Rumsey at CCA suggested I get in touch with you about two of our top initiatives for 2016.

- 1) **DTLA: Innovation District** is a report and series of events we are doing in partnership with the Brookings Institute and Pershing Square Renew
- 2) **DTLA: Creative Capital** is a report and summit we are doing in partnership with ArtsBrookfield and the Downtown Cultural Stakeholders Group

I have attached our internal project briefs for both of these programs and would like very much to arrange a time to discuss with you in more detail.

Please let me know what your schedule looks like over the next few weeks and/or whether there is someone else I should be talking for either of these projects.

Thanks.

Nick

Moving Los Angeles Forward

Dear LADOT Friend,
We are pleased to pass along this special invitation to you from the Los Angeles Times. We hope to see you there.

LADOT Communications Office

—

On behalf of the Los Angeles Times, it's my pleasure to cordially invite you to our next installment of our California Conversation series on Monday February 29 (yes it's a leap year!). "[The Road Ahead](#)" will focus on transportation and explore new approaches to keeping California moving into the future with top experts, innovators and policymakers.

The event will take place on February 29 from 9 a.m. to 12 p.m. in the Mark Taper Auditorium at the LA Central Library. You can find the details, program and RSVP [HERE](#).

LA Times editor Davan Maharaj, host Patt Morrison, and other LAT journalists will hold conversations with the following distinguished guests and more:

- Anthony Foxx, U.S. Secretary of Transportation
- Phil Washington, CEO of LA Metro
- Rob Lloyd, CEO of Hyperloop Technologies
- Chris Urmson, Head of Google's Self Driving Project
- Seleta Reynolds, General Manager of LADOT

Your participation and presence will add tremendous value to our discussion, especially during this critical time when Angelenos are discussing what our collective transportation future should look like and how we want to move through our city.

We hope you can join us!

All the best,

Suzy Jack
Vice President, Public Affairs & Events
Los Angeles Times

About The California Conversations

The California Conversation event series is a new initiative of the LA Times to bring together key voices and thought leaders to explore the direction we are heading - as a city, state and country - and what can be done to shape that direction. It engages leading voices and experts on topics critical to the Golden State. From the future of transportation and mobility to politics and the environment, these sessions will tackle the most pressing and engaging issues impacting California. To learn more about past CA Conversations, check out our [website](#).

Subject: RE: Homeless Donation Meters

Diana,

Looking at the schedule that was just sent, I see the revenue is noted as net but my impression from the email below is that this represents gross sponsorship revenue. Can you confirm which it is? Is the first year sponsorship \$3K. What is it thereafter?

Thanks.

Suzanne

Sent: Wednesday, February 03, 2016 2:51 PM
To: Suzanne Holley
Subject: Re: Homeless Donation Meters

I think the costs would now change because these are with the old non profit and their quotes. It's a little more complicated and I can meet with you to break it down more specifically and get a better idea of what it would cost you all to operate. The larger bulk to the cost is to Chrysalis for maintenance and collection but the non profit gave a quote of a total of about \$5,000 to operate internally. They've stressed over and over how easy it is to maintain this program and they will still be helping and a great resource for us in LA.

Revenue is in the 2nd tab of the excel sheet, I anticipate the first year being \$36,000 and \$20,600 second year and on. This does not include the funds from the meters themselves, this is merely sponsorship dollars. It would be a little difficult to estimate how much people would donate from the meters themselves.

The chosen locations are:

1. Broad Musuem
2. Weller Court, Little Tokyo
3. Grand Central Market
4. Civic Center
5. Urth Cafe
6. Starbucks on 11th and Grand
7. Grand Park
8. Figat7th
9. LA Live/ Convention Center
10. The Bloc
11. City Market South
12. Pershing Square

I only have an official yes from the Starbucks in south Park and am working on securing the rest. I will be securing these 12 to start and moving forward if anyone drops out our offices will work together to get new sponsors in their place.

Let me know if there are any other questions! I'm happy to come speak to your board as well.

Thanks
Diana

Hi Diana,

No worries. I understand. Before we proceed we have a few questions and would like to have you come present to the BID Board at our meeting on March 2, from 8:00 a.m. – 9:30 a.m. Would you be available to attend?

As far as the questions, can you please let me know which property owners have agreed to sponsor locations and where those locations are? Would there be a requirement for the BID to solicit additional locations or would we just start with these?

With regards to the budget that was provided, is the estimated cost of \$18,400 what would be paid to the BID for managing the program? What do you estimate would be the revenue from both sponsorships and donations?

Thanks so much.

Hey there,

Thank you so much for meeting with me last week! I wanted to see if you have any other questions or any updates? The Councilmember would like the funds to go towards the new initiative C3, not sure if you're familiar with that but I'm happy to fill you in. We're actually really excited about that and think its such a great idea. That's another question that has been figured out and he did approve the locations so I would like to run them by you as well if this is something you are all interested in.

With that, the program is definitely on its way with just a couple last minute things to hash out. Happy to jump on a call if needed. Let me know what you need from me.

Thanks
Diana

From: Herman Pang
Sent: Thursday, February 18, 2016 2:50 PM
To: Herman Pang; Dennis Rader; Rick Scott (r.scott@lacity.org)
Subject: RE: APNs 5148-001-024 and 5148-001-027

I think I see what is going on when I located some old parcels maps from 2008 5148-001-024 is shown on the Main Street side and is now 5148-001-029. Looks like at some point they reused 5148-001-024 on the map.

From: Herman Pang
Sent: Thursday, February 18, 2016 2:21 PM
To: 'Dennis Rader'; Rick Scott (r.scott@lacity.org)
Subject: APNs 5148-001-024 and 5148-001-027

Hi Guys,

Just reviewing a report that we received back from the assessor's office that we run every year to determine the property value of properties in our bid. While processing this report they informed us that some parcels have combined which is normal. Here's the issue APN's 5148-001-024 and 5148-001-027 were combined on 7/19/2015 to form 5148-001-028 per the assessor's site http://maps.assessor.lacounty.gov/GVH_2_2/Index.html?configBase=http://maps.assessor.lacounty.gov/Geocortex/Essentials/REST/sites/PAIS/viewers/PAIS_hv/virtualdirectory/Resources/Config/Default

The problem is 5148-001-024 (not in our District) and 5148-001-027 are not adjacent to one another and to make things even more interesting the new parcel 5148-001-028 splits on 12/13/2015 into 3 new parcels 5148-001-029, 5148-001-030 and 5148-001-031 with half of the parcel residing outside of our district (the new parcels are showing up on a parcel map dated June 2015 as well as on Zimas).

Your thoughts?

Subject: Re: Homeless Donation Meters

Hi Suzanne,

The initial sponsorship is \$5,000 and then \$3,000 for renewal after the first year. The spreadsheet shows Net and Gross revenue, these are obviously very preliminary and do not include revenue from the meters themselves just sponsorship. Also if sponsorships change annually, we would have higher revenue because the new sponsor would pay the \$5,000 fee. Does that make sense? Let me know if you have any questions.

12 Meters Y1 Gross	12 meters Y2 Gross	Y1 Net	Y2 Net
60,000	36,000	36,000	20,600

On Thu, Feb 18, 2016 at 2:26 PM, Suzanne Holley <SHolley@downtownla.com> wrote:
Diana,

Looking at the schedule that was just sent, I see the revenue is noted as net but my impression from the email below is that this represents gross sponsorship revenue. Can you confirm which it is? Is the first year sponsorship \$3K. What is it thereafter?

Thanks.

Suzanne

Subject: Re: Homeless Donation Meters

I think the costs would now change because these are with the old non profit and their quotes. It's a little more complicated and I can meet with you to break it down more specifically and get a better idea of what it would cost you all to operate. The larger bulk to the cost is to Chrysalis for maintenance and collection but the non profit gave a quote of a total of about \$5,000 to operate internally. They've stressed over and over how easy it is to maintain this program and they will still be helping and a great resource for us in LA.

Revenue is in the 2nd tab of the excel sheet, I anticipate the first year being \$36,000 and \$20,600 second year and on. This does not include the funds from the meters themselves, this is merely sponsorship dollars. It would be a little difficult to estimate how much people would donate from the meters themselves.

The chosen locations are:

1. Broad Musuem
2. Weller Court, Little Tokyo
3. Grand Central Market
4. Civic Center
5. Urth Cafe
6. Starbucks on 11th and Grand

7. Grand Park
8. Figat7th
9. LA Live/ Convention Center
10. The Bloc
11. City Market South
12. Pershing Square

I only have an official yes from the Starbucks in south Park and am working on securing the rest. I will be securing these 12 to start and moving forward if anyone drops out our offices will work together to get new sponsors in their place.

Let me know if there are any other questions! I'm happy to come speak to your board as well.

Thanks
Diana

Hi Diana,

No worries. I understand. Before we proceed we have a few questions and would like to have you come present to the BID Board at our meeting on March 2, from 8:00 a.m. – 9:30 a.m. Would you be available to attend?

As far as the questions, can you please let me know which property owners have agreed to sponsor locations and where those locations are? Would there be a requirement for the BID to solicit additional locations or would we just start with these?

With regards to the budget that was provided, is the estimated cost of \$18,400 what would be paid to the BID for managing the program? What do you estimate would be the revenue from both sponsorships and donations?

Thanks so much.

Hey there,

Thank you so much for meeting with me last week! I wanted to see if you have any other questions or any updates? The Councilmember would like the funds to go towards the new initiative C3, not sure if you're familiar with that but I'm happy to fill you in. We're actually really excited about that and think its such a great idea. That's another question that has been figured out and he did approve the locations so I would like to run them by you as well if this is something you are all interested in.

With that, the program is definitely on its way with just a couple last minute things to hash out. Happy to jump on a call if needed. Let me know what you need from me.

Thanks

Diana

OUR VALLEY NEWS

PAULKREKORIAN.ORG

KREKORIAN

PAULKREKORIAN

Dear Friend:

Our economy is strong and growing in Los Angeles, which is good news for local businesses, residents and the city as a whole. In July of last year, I took on the task of heading up the City Council's new Jobs Committee with the purpose of finding ways the city can help stimulate job creation and focus on community-driven economic development throughout Los Angeles. Although this committee is relatively new -- we've had six very fruitful meetings so far -- the topic is something I've been working on for years.

One of the things the Jobs Committee discussed at a recent meeting is the city's Local Business Preference Program, a program that resulted from a motion I introduced five years ago. It provides a competitive advantage to LA County businesses that do business with the city by offering an eight percent preference when they apply for city contracts to provide goods, equipment, supplies and construction services. I created this program to encourage more local businesses to compete for city contracts, to ensure that city funds are used to give local businesses the upper hand and to stoke continued economic growth in LA.

Because local businesses are our job creation engines, I introduced a follow-up motion several months ago to evaluate how effective the local preference program has been, find out how many businesses are taking advantage of it and to explore ways to improve it. At a recent Jobs Committee meeting, we heard some of the preliminary results: over the course of the four years of the program, the percentage of contracts awarded to local businesses shot up from 16 percent in 2011 to 33 percent of all city contracts in 2015. That's a significant boost to our local businesses and the people they employ.

We also discussed ways to improve the program and get more local businesses involved. Some of the recommendations approved by the committee include creating an outreach plan to notify businesses about this program and other city programs from which they can benefit; streamlining the process to certify that businesses are, in fact, eligible for the program; reviewing best practices with all city departments to enhance local business participation; directing more city resources toward administering and improving the program; and implementing a coordinated local business action plan. These recommendations will go to the Economic Development Committee, on which I also serve, and then to the full City Council for approval.

I will keep you updated about the local preference program and the overall progress of the Jobs Committee in future newsletters. As always, if you have ideas about how the city can better support local businesses and create good jobs in our communities, please email me at paul.krekorian@lacity.org or call 213-473-7002.

Very truly yours,

Councilmember Paul Krekorian, District 2

TOP STORIES

New Sidewalks Coming to Studio City

LOS ANGELES - The City Council, led by Councilmember Krekorian, approved funds to build missing sidewalk segments along Ventura Boulevard in Studio City.

After an initial study by the city's Bureau of Engineering, the department found that nine segments of the public right-of-way along the busy Ventura corridor in Studio City were missing sidewalks. As a result, at Councilmember Krekorian's urging, the City Council approved the use of \$1.4 million in funding from the Project Impact Assessment fees -- development fees that can be used for community improvement and safety projects -- to fill the gaps.

The installation of the missing sidewalk segments will bolster mobility and safety, while encouraging economic activity in this busy shopping and entertainment area. Read the motion here: bit.ly/1RSkJ54.

City Officials Call for LAPD Report on Crime Spike

LOS ANGELES - Councilmember Krekorian recently joined Councilmember Mitch Englander to introduce a motion calling on the LAPD to report on the city's recent spike in crime and the department's strategy to deploy resources.

According to an LAPD report on citywide crime rates in 2015, LA experienced its highest crime levels in two years, with a 20 percent increase in violent crimes and a 10 percent increase in property crimes over 2014 numbers. The LAPD has since doubled the size of its Metropolitan Division for reactive deployment to address crime hot spots, but Councilmembers Krekorian and Englander want to know whether the department's efforts have moved officers away from the Valley and other areas of the city, possibly impacting the LAPD's preventative patrol function.

Earlier this week, the motion was heard by the Council's Public Safety Committee where members pushed for greater analysis from the LAPD about its strategy to reduce crime.

Read the motion here: bit.ly/1Tv1lqn

City Approves Study on Paid Parental Leave

LOS ANGELES - The City Council unanimously voted to approve a motion introduced by Councilmembers Krekorian and Nury Martinez to explore offering LA City employees four weeks of paid parental leave after the birth or adoption of a child.

The city leaders believe that paid parental leave would be a good way for the city to attract and retain talented women and men to public service jobs. Los Angeles could also set a positive example for other public and private sector employers who may be considering granting paid parental leave to their workforce.

"I am hopeful that this effort will lead Los Angeles to join the ranks of other U.S. cities and the military by offering competitive, family-friendly benefits for our workers," said Krekorian. "It is time for LA, and the United States as a whole, to catch up with the rest of the world."

The proposal asks city administrators to report on (1) the average time a city employee takes off during pregnancy and for bonding purposes; (2) the costs and consequences of parents leaving the city's workforce after having a child; and (3) the feasibility and budgetary impacts of offering city employees four weeks paid parental leave for bonding purposes.

The United States lags behind the rest of the industrialized world when it comes to offering paid leave for new parents. As of now, the Los Angeles -- the nation's second largest city -- doesn't offer its 40,000 employee workforce any paid parental leave. Unlike private sector employees in California who get six weeks of family leave for bonding with partial compensation, city workers don't get this benefit.

Governing Magazine recently highlighted Councilmember Krekorian's proposal on paid parental leave. Read his Op-Ed here: www.governing.com/gov-institute/voices/col-parental-leave-public-workforce.

Metro Announces Parking Pilot Program

LOS ANGELES - Metro is set to roll out a new pilot program for paid parking at nine stations and lots across the agency's transit lines. The Metro Board of Directors is expected to vote on the proposal in March.

The agency proposed test program would charge a minimal parking fee at nine rail stations where there are a cumulative 4,753 spaces. The nine stations selected for the program include the North Hollywood and Universal stations on the Red Line where a \$3 fee will be charged. Also on the list are: East LA's Sierra Madre Villa and Atlantic stations on the Gold Line; Culver City and La Cienega/Jefferson stations on the Expo Line; and West LA's Expo/Sepulveda station, the 17th Street/SMC station in Santa Monica and the Expo/Bundy in West LA on the Expo Line extension opening this year.

According to Metro, the agency currently operates more than 22,000 parking spaces at 48 stations. This number will increase to 25,000 spaces at 57 locations once the Expo II and Foothill Extension open for operation. The pilot locations were selected based on their capacity, location and utilization. Recent parking facility studies by Metro found that free parking at North Hollywood reaches capacity by 7 a.m. or earlier during weekdays, while free parking at the Universal and Sierra Madre stations reaches capacity by 8 a.m.

The Paid Parking Pilot Program is a strategy being considered to manage demand, encourage parking availability for Metro users at parking facilities currently operating at capacity.

If approved by the Metro Board of Directors, the pilot program will launch in May 2016.

COMMUNITY CORNER

Sun Valley Green Lights New Traffic Signal

Councilmember Krekorian joined by CD2 Planning Director Karo Torossian and Dept. of Transportation engineer Brian Gallagher to activate the new traffic signal in Sun Valley. | Photo: CD2

SUN VALLEY - This week, Councilmember Krekorian activated a new traffic signal in Sun Valley to increase pedestrian and traffic safety.

The newly installed signal at the intersection of Glenoaks Boulevard and Cohasset Street also added left-turn signals and four crosswalks. Councilmember Krekorian worked with Woodbury University and the Dept. of Transportation to improve pedestrian safety and ease traffic at the busy intersection, which is also adjacent to the nearby St. Leon Armenian Cathedral.

PHOTOS OF THE WEEK

Councilmember Krekorian honored CBS Studio Center President Michael Klausman, Sandra Reed-Funnell and outgoing Studio City Neighborhood Council President John Walker for their service to Studio City. | Photo: CD2

Councilmember Krekorian joined the Interfaith Coalition to speak about the importance of collaboration and grassroots action to support common sense legislation to stop gun violence. | Photo: CD2

EVENTS

Green City Workshops
Saturday, Feb. 27, 9 a.m. to 1 p.m.
TreePeople Headquarters
12601 Mulholland Dr.
Studio City

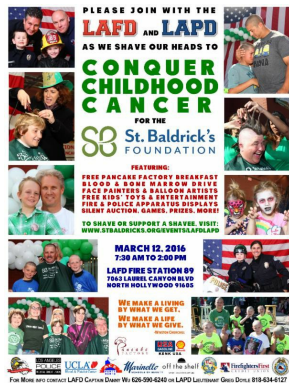

Join TreePeople's free Green City Workshops to learn about how rainwater harvesting and climate-appropriate landscapes are the future for a water-secure LA. To register, visit www.treepeople.org/calendar and sign up by the Feb. 24 deadline. For more info, contact Linda Eremita at leremita@treepeople.org or (818)

623-4878.

Metro's Active Transportation Summit
Tuesday, Mar. 1, 8 a.m. to 12:35 p.m.
Metro Headquarters, 3rd Floor
One Gateway Plaza
Los Angeles, CA 90012

Metro wants to hear from you on how to make transit better in Los Angeles. During the upcoming summit, community members will hear about Metro's Active Transportation Strategic Plan and get involved in making the San Fernando Valley more transit-friendly. To register, visit <http://bit.ly/1SmgGPf>.

St. Baldrick's Day Fundraiser
Saturday, Mar. 12, 7:30 a.m. to 2 p.m.
Fire Station 89
7063 Laurel Canyon Blvd.
North Hollywood

Join the firefighters of Fire Station 89 to help save a child's life. The annual breakfast will raise funds to fight children's cancer. Enjoy a free pancake and sausage breakfast hosted by the Pancake Factory North Hollywood and Coffee Bean, along with entertainment and activities for the whole family. Learn more by visiting www.stbaldricks.org/events/lafdlapd.

CERT Basic Training
Mar. 2 to April 12, 6:30 p.m. to 9 p.m.
Fire Station 89
Training Room
7063 Laurel Canyon Blvd.

Join the Los Angeles Fire Dept. for a free training course on emergency preparedness. The Community Emergency Response Team (CERT) members are trained in basic disaster response skills such as fire safety, light search and rescue, team organization and disaster medical operations. Class members receive 17 1/2 hours (one day a week for seven weeks) of initial training. CERT is provided free of charge within the city of Los Angeles to anyone 18 or over.

To: John Yanez
Subject: A check-in with Chief Beck

John --

This week in Public Safety Committee, Los Angeles Police Department (LAPD) Chief Charlie Beck provided us with a report on the state of our police force and the spike in crime over the past year. Chief Beck reported that the department must hire 2,500 additional officers in the coming years to better protect the city and keep crime down. The current size of the ranks is about 10,000 officers.

During the committee meeting, I hammered on the issue about not enough LAPD officers being street ready. The industry standard for street ready officers is 90 percent. Only about 82 percent of our LAPD officers are street ready - in other words, about 18 percent of officers are working desk jobs, or taking leaves of absence because of injuries. This translates into approximately 1860 officers being unable to perform duties out on the street.

The City has a slow process of getting officers back on the job, which is hindering the way we protect our communities. On top of this, our ability to hire more officers is made even more complicated by a time consuming and expensive process, and one that does not happen overnight.

The immediate fix: we need to revise our policies to get more officers on the streets, and get civilians hired, so active duty officers can get out from behind the desk and out on patrol.

Public safety is my number one priority in office, and I will continue to identify ways we can place more officers on the streets to keep our communities safer.

Speaking of keeping our communities safer, expect an announcement this coming week related to Hollywood! As you'll read in the updates below, together we are working to improve the quality of life across every section of the 13th District.

Regards,

Mitch O'Farrell

Miranda,

We have come across the attached Preliminary Report that was prepared by the City Clerk in the process of the DCBID's last renewal. Please note the highlighted sections that indicate that the Central City Association (CCA) is the Owner's Association for the DCBID and oversaw it since it was established. As you are aware, the Owner's Association for the DCBID is the Downtown Center Business Improvement District Management Corporation. This was ultimately corrected on the final contract with the city however, as the DCBID embarks upon its new renewal, I thought it important to bring this to your attention to ensure that CCA is not misrepresented as being affiliated with the DCBID in this manner.

Thanks so much. Your attention to this is greatly appreciated.

(Out of curiosity – do you have any idea why this would have been shown as CCA? Thanks again.)

Subject: March 20, 2012 - Preliminary Report

To: "Miranda Paster (miranda.paster@lacity.org)" <miranda.paster@lacity.org>

Miranda,

We have come across the attached Preliminary Report that was prepared by the City Clerk in the process of the DCBID's last renewal. Please note the highlighted sections that indicate that the Central City Association (CCA) is the Owner's Association for the DCBID and oversaw it since it was established. As you are aware, the Owner's Association for the DCBID is the Downtown Center Business Improvement District Management Corporation. This was ultimately corrected on the final contract with the city however, as the DCBID embarks upon its new renewal, I thought it important to bring this to your attention to ensure that CCA is not misrepresented as being affiliated with the DCBID in this manner.

Thanks so much. Your attention to this is greatly appreciated.

(Out of curiosity – do you have any idea why this would have been shown as CCA? Thanks again.)

OK. Thanks. I don't believe I've seen that before. The last contract we did with DCBID was 2012 which is when we ask for those items.

I think the DCA reference was an error in a preliminary report regarding the BID's last renewal and was corrected after that.

Going forward, I will use the title information from the most recent articles of incorporation that you've sent me on all documents pertaining to the BID.

Thank you.

Subject: Fwd: March 20, 2012 - Preliminary Report

Hi Suzanne,

My supervisor asked me to inquire if you had something updated that indicated the actual name of the 501c owners association for the DCBID. Our contract file (see attached) that includes the signed signature page of the current contract, the IRS nonprofit letter, the Articles of Incorporation and the Bylaws have a couple of variations and we need to be sure that we have the correct, actual name.

Thank you.

And The Oscar Goes To

The 88th Academy Awards will take place on Sunday, February 28, 2016 at the Dolby Theatre in Hollywood. LADOT will be deploying traffic officers, engineers and additional staff to support this widely covered event. Expect delays and congestion in and around the event areas. For road closure map please visit: <http://trafficinfo.lacity.org/traffic-advisory/traffic-advisory3.php>

WTS-LA. Working Together - LADOT, Caltrans and Metro

WTS is an international organization dedicated to building the future of transportation through the global advancement of women. Yesterday, our General Manager Seleta Reynolds joined a panel of transportation leaders to discuss the challenges LADOT faces as we embrace new technologies & emerging transportation trends. The panel was moderated by former CA Assembly Speaker Richard Katz and Caltrans' District 7 Director Carrie Bowen, and featured Metro's Deputy Chief Executive Officer Stephanie Wiggins, and Metro Board Member Jackie DuPont-Walker. Click [here](#) to learn more about WTS Los Angeles.

LADOT's Outstanding Performers - February

Members of the Transportation Committee, along with General Manager Seleta Reynolds, recognized dedicated and innovative employees from our Operations Group and Accounting Division for their outstanding performance and great dedication to the City of Los Angeles and LADOT's Vision and Mission.

Sr. Accountant II. **Uma Vyas** effectively administers the Metro Rail reimbursement program and has managed to meet revenue targets for the last consecutive three years. She is focused on resolving difficult situations and facing challenges with resilience. Uma's "whatever it takes" attitude allows her adapt to the demands of new situations and to the successful completion of assigned tasks.

Sr. Accountant II **Marilu De Vera** works diligently and provides excellent customer service. Marilu effectively administers the Proposition A and Measure R Fund section, producing high volume work that is comprehensive in scope, complete in details and accurate in content. Marilu's work ethic and dedication set a great example to fellow employees.

Transportation Engineering Aide II **Brian Doherty** leads the Traffic Surveys group in the Operations Division, and is one of the most reliable employees the Department has ever seen. Year after year, despite increasing workloads, Brian's dedication and commitment to meeting demands has earned him great respect throughout the Department.

Safe Routes to School Los Angeles Open House

Next week, March 2nd at 7 PM, LADOT is hosting an Open House for the Soto Corridor & Neighborhood Schools Safety Improvement Project. The project includes traffic calming improvements on the streets around the schools and Soto Street between Wabash Avenue and 8th Street, and is funded through the Caltrans Active Transportation Program. Please visit [Safe Routes Breed & Sheridan Project](#) and the [Open House Invite](#) to learn more.

Subject: One (1) BID item in Council, Tuesday March 1st, 2016

ITEM NO. (18)

[14-0903](#)

ECONOMIC DEVELOPMENT COMMITTEE REPORT and COMMUNICATION FROM CHAIR AND VICE-CHAIR, AD HOC ON COMPREHENSIVE JOB CREATION PLAN COMMITTEE relative to Business Improvement District best practices, legal issues, and policy restrictions.

Recommendations for Council action, as initiated by Motion (Fuentes - Blumenfield), SUBJECT TO THE APPROVAL OF THE MAYOR:

1. AUTHORIZE the City Clerk to release a Request for Proposals (RFP) and execute a contract in the amount not to exceed \$100,000 with the selected vendor for a period of two years with two one-year extensions to assist with the creation and implementation and coordination of a Public Information Campaign to be funded from the Business Improvement District Trust Fund.
2. AUTHORIZE the City Clerk to release an RFP and execute a contract in an amount not to exceed \$150,000 with the selected vendor for a period of two years with two one-year extensions to assist with the creation and implementation of a capacity building and leadership training series relative to business improvement districts and create public/private partnerships with other nonprofit organizations which work to improve economic development in the City to be funded from the Business Improvement District Trust Fund.
3. DIRECT the City Clerk to seek and apply for grants as applicable, for which the City may be eligible, to provide additional assistance to business improvement districts.
4. DIRECT the City Clerk to work with the Office of the City Administrative Officer (CAO) and the Economic and Workforce Development Department (EWDD) to identify solutions to provide ongoing assistance to the Volunteer-Based Business Improvement Districts (VBBIDs) to ensure their effectiveness with economic development type activities.
5. DIRECT the City Clerk to work with the CAO to identify any available funds to provide the necessary administrative support to the VBBIDs; and, AUTHORIZE the City Clerk to release an RFP for a non-profit organization to provide administrative support for the VBBIDs and execute a contract subject to available funds in the Business Improvement District Trust Fund.
6. DIRECT the City Clerk to report on the steps necessary to implement an electronic platform for the submission and routing of business improvement applications and compliance documents.
7. REQUEST the City Clerk, Mayor's Office of Economic Development, Office of Finance, EWDD, and Board of Public Works to meet and report with recommendations on streamlining inclusivity efforts, including but not limited to, a plan to include business improvement districts as a permanent part of the various economic development strategies and an information and communication strategy between the pertinent departments.
8. REQUEST the City Attorney to evaluate and review state law relative to general benefits and prepare and/or support legislation which would clarify the calculation, measurement and applicability of general benefit as it relates to Proposition 218.
9. REQUEST the Los Angeles Police Department and the Board of Public Works to assist the City Clerk, and report regarding the feasibility of establishing a baseline service agreement for new and renewing Business Improvement Districts in order to meet state law requirements.
10. AUTHORIZE the Controller to authorize expenditures from the Business Improvement District Trust Fund No. 659, to effectuate the intent of this report: up to \$100,000 for the public information campaign; up to \$150,000 for the Business Improvement District leadership training; and \$100,000 for a nonprofit organization to provide administrative support for the VBBIDs.
11. AUTHORIZE the City Clerk to make technical corrections as necessary to effectuate the intent of this report.

Fiscal Impact Statement: The City Clerk reports that there is no impact to the General Fund due to sufficient funds in the Business Improvement District Trust Fund.

Community Impact Statement: None submitted.

Recommendations for Council action, as initiated by Motion (Fuentes - Blumenfield), SUBJECT TO THE APPROVAL OF THE MAYOR:

1. AUTHORIZE the City Clerk to release a Request for Proposals (RFP) and execute a contract in the amount not to exceed \$100,000 with the selected vendor for a period of two years with two one-year extensions to assist with the creation and implementation and coordination of a Public Information Campaign to be funded from the Business Improvement District Trust Fund.
2. AUTHORIZE the City Clerk to release an RFP and execute a contract in an amount not to exceed \$150,000 with the selected vendor for a period of two years with two one-year extensions to assist with the creation and implementation of a capacity building and leadership training series relative to business improvement districts and create public/private partnerships with other nonprofit organizations which work to improve economic development in the City to be funded from the Business Improvement District Trust Fund.
3. DIRECT the City Clerk to seek and apply for grants as applicable, for which the City may be eligible, to provide additional assistance to business improvement districts.
4. DIRECT the City Clerk to work with the Office of the City Administrative Officer (CAO) and the Economic and Workforce Development Department (EWDD) to identify solutions to provide ongoing assistance to the Volunteer-Based Business Improvement Districts (VBBIDs) to ensure their effectiveness with economic development type activities.
5. DIRECT the City Clerk to work with the CAO to identify any available funds to provide the necessary administrative support to the VBBIDs; and, AUTHORIZE the City Clerk to release an RFP for a non-profit organization to provide administrative support for the VBBIDs and execute a contract subject to available funds in the Business Improvement District Trust Fund.
6. DIRECT the City Clerk to report on the steps necessary to implement an electronic platform for the submission and routing of business improvement applications and compliance documents.
7. REQUEST the City Clerk, Mayor's Office of Economic Development, Office of Finance, EWDD, and Board of Public Works to meet and report with recommendations on streamlining inclusivity efforts, including but not limited to, a plan to include business improvement districts as a permanent part of the various economic development strategies and an information and communication strategy between the pertinent departments.
8. REQUEST the City Attorney to evaluate and review state law relative to general benefits and prepare and/or support legislation which would clarify the calculation, measurement and applicability of general benefit as it relates to Proposition 218.
9. REQUEST the Los Angeles Police Department and the Board of Public Works to assist the City Clerk, and report regarding the feasibility of establishing a baseline service agreement for new and renewing Business Improvement Districts in order to meet state law requirements.
10. AUTHORIZE the Controller to authorize expenditures from the Business Improvement District Trust Fund No. 659, to effectuate the intent of this report: up to \$100,000 for the public information campaign; up to \$150,000 for the Business Improvement District leadership training; and \$100,000 for a nonprofit organization to provide administrative support for the VBBIDs.
11. AUTHORIZE the City Clerk to make technical corrections as necessary to effectuate the intent of this report.

Fiscal Impact Statement: The City Clerk reports that there is no impact to the General Fund due to sufficient funds in the Business Improvement District Trust Fund.

Community Impact Statement: None submitted.

To: Dalia Cuiriz
Subject: Join me this weekend in Glassell Park!

Dalia --

I have an exciting Councilmember in Your Corner planned for this weekend in my own community of Glassell Park! The event is a chance to meet my constituents, share my appreciation for our local community volunteers and our small business owners, as well as canvass neighborhoods to distribute important contact information for free city services.

My next district walk will take place **Saturday, February 27, 9:30 a.m. on the southeast corner of Fletcher Drive and Estara Avenue, in Glassell Park.** I would love to see you there!

This month, I am partnering with three great organizations to host the event: the Glassell Park Improvement Association, the Central City Action Committee, and the Los Angeles Beautification Team. Dozens of volunteers will participate in a variety of neighborhood beautification activities, including a neighborhood cleanup, watering more than a 140 newly planted trees along Fletcher Drive and San Fernando Road, and the removal of graffiti. This will be one of our biggest community events to date, and I'm looking forward to seeing what we will accomplish together.

Across the district in Silver Lake, youth from the Sunburst Academy will descend on Myra Avenue to do a massive community cleanup. On several occasions over the past year, these young at-risk men who are mentored by the Los Angeles Police Department, have worked with our office to provide resources in the community. I am so appreciative of their hard work and dedication, so If you see them out in your neighborhood, please stop and thank them for their service. I am sure they will appreciate the words of encouragement.

It's going to be a busy weekend in the district! I look forward to seeing you at my next Councilmember in Your Corner event in Glassell Park. If you want to join us, [please RSVP here](#).

See you then,

Mitch O'Farrell

CITY COUNCIL VOTES TO REVOKE OPERATING PERMIT FOR HOLLYWOOD NIGHTCLUB

CITY HALL -- Los Angeles City Councilmember Mitch O'Farrell announced Wednesday that the City Council affirmed the Department of City Planning's (DCP) decision to revoke a conditional use permit (CUP) for a Hollywood nightclub because of multiple land use violations and criminal activity.

Cashmere, also known as The Day After, located on Hollywood Boulevard at North McCadden Place, has been the focus of numerous investigations by the Los Angeles Police Department (LAPD) and the Los Angeles Department of Building and Safety (LADBS). In August 2015, a 20-year old male DJ died while employed at the nightclub, and in a separate incident in 2014, investigators say a female college student was sexually assaulted.

"The incidents at Cashmere presented the City with an opportunity to streamline the process of bringing rogue nightclubs into compliance," said Councilmember O'Farrell. "These events serve as an example of the brazenness of some club operators to thumb their nose at the the law and their utter disregard for the safety and security of their employees and patrons."

OUR VALLEY NEWS

PAULKREKORIAN.ORG

KREKORIAN

PAULKREKORIAN

Dear Friend:

This week, I had the opportunity and pleasure of speaking to the joint board meeting of the Sierra Club in Studio City. It was a very interesting event, focusing on the group's Clean Energy agenda for 2016, which is an issue I have worked on for years. I'd like to share with you some of what I discussed with them, including LA's recent environmental successes.

In 2013, Los Angeles became the first and largest in the country to commit to go coal free by 2025. Our city has shown that, when the will is there, we can move beyond dirty fossil fuels and go all in on clean energy. I am currently working with my colleagues on the City Council, along with community partners, to explore the possibilities of going even further. I want to ensure that the second largest city in the country moves not just beyond coal, but also beyond natural gas and into a truly clean energy economy. This is going to take considerable work and deliberation, but I think it is both possible and necessary.

Over the past decade, we've made significant progress toward a renewable future in Los Angeles and across the State of California. I've been happy to do my part, first as a State Assemblymember and now as a City Councilmember.

In 2009, I authored state legislation to move California toward achieving its renewable energy goals. When I was elected to the Los Angeles City Council, I worked hand in hand with

environmental, community and business organizations to ensure that rooftop solar panels have a place in the Department of Water and Power's renewable energy program.

I have also championed energy efficiency by making sure that DWP is investing to make home owners and renters more efficient and supported electrical vehicle pilot programs for city departments. My goal is to make energy use more efficient citywide and to boost the potential for more renewable energy use in the future.

Optimizing and modernizing the way LA thinks about energy is absolutely critical for our city, but it is not the only sustainability issue the City Council has tackled during my tenure. In 2014, we became the largest city in the country to ban single use plastic carryout bags at stores. The bags, which take 1,000 years to break down, are a threat to wildlife, a persistent cause of litter and a polluting agent in our landfills.

Last year, we passed my motion to look into expanding the use of graywater systems to irrigate landscaping and for use with home appliances. Mayor Garcetti and I also recently cut the ribbon on the city's first smart cistern in North Hollywood. The pioneering water collection system will reduce storm water runoff, capture rainwater and increase the local water supply.

Probably our biggest success story is the ongoing revitalization of the Los Angeles River. In the Valley and beyond, the river is becoming a recreation spot for pedestrians and cyclists and boasts a long-term plan to make it even better in the years ahead.

I'm proud to say that Los Angeles has taken important and often innovative steps to address the environmental challenges that we face this century. But there is always more to do, and, with your help, I'll continue to look for smart, sustainable solutions.

Let me know what your ideas are to make LA more sustainable by emailing me at paul.krekorian@lacity.org or calling me at 213-473-7002.

Very truly yours,

A handwritten signature in black ink that reads "Paul Krekorian". The signature is fluid and cursive, with the first name "Paul" and last name "Krekorian" clearly distinguishable.

Councilmember Paul Krekorian, District 2

TOP STORIES

Neighborhood Clean-Ups in Sun Valley and Van Nuys

EAST VALLEY - This week, community volunteers joined the office Councilmember Krekorian for two community clean-ups in the East Valley. The clean-up team hit the streets to pick up trash, sweep gutters of debris, clear weeds and remove bulky items in Sun Valley and Van Nuys.

In Sun Valley, the clean-up team removed more than 103 bags of trash and debris along San Fernando Road.

Clean up in Sun Valley. | Photo: CD2

In Van Nuys, Council District 2 staff cleaned up a dirty, trash-ridden alley behind Sylmar Ave.

Clean up of alley in Van Nuys. | Photo: CD2

Finally, the LA Sanitation needs your help to identify cleanliness issues facing our local neighborhoods. Fill out a quick survey and share your input about street, alley, and sidewalk cleanliness in Los Angeles: svy.mk/24tvnn

NoHo High Science Team Wins Again

LOS ANGELES - For the 17th time in the school's history, North Hollywood High School's Team A scored another win as the regional champions of the 2016 LADWP Science Bowl.

As the regional champions, the North Hollywood High team members will each receive a \$1,000 Hitachi Scholarship and an all-expense paid trip to Washington, D.C., in April to represent Los Angeles and compete at the U.S. Department of Energy National Science Bowl.

The team gave an impressive performance in the competition's test of knowledge in math and science and teamwork skills. The Los Angeles Center for Enriched Studies placed second, El Camino Real Charter High School placed third and North Hollywood High School Team B placed fourth in the competition. This year, the teams were also tasked with designing and building a functioning catapult that launched a plastic projectile onto a target.

Congratulations to the Huskies on their big win!

CITY SPOTLIGHT

Transit Twofer: Orange Line Upgrade and Expo Extension

Metro Orange Line. | Photo: CD2

LOS ANGELES - This week, Metro conducted tests to increase the speed of Orange Line buses in order to improve the transit line's travel time and efficiency.

Last December, a Metro study found that Orange Line buses could increase speeds up to 35 miles per hour at intersections along the busway without impacting traffic safety. The increased speed can cut up to 10 minutes of travel time for transit riders.

The speed improvements are one of several proposed plans championed by Councilmember Krekorian to upgrade the Orange Line. Its 30,000 daily boardings make the busway one of Metro's busiest transit lines in the system. Metro is also studying converting the Orange Line to light rail, a proposal introduced by Councilmember Krekorian in his capacity as a Metro Board Member.

"During the week of testing, buses may not arrive at the regularly scheduled times -- and that's good thing," said Krekorian. "These improvements will allow the Orange Line's thousands of riders to reach their stops and make their transfer faster, safely and with more ease."

Results of the week-long tests will be evaluated by Metro staff before new speed rules are permanently implemented and schedules are changed.

Expo Line map. | Photo: Metro

LOS ANGELES - Metro just announced the May 20, 2016, opening of the Expo Line extension to Santa Monica.

The Expo Line currently runs for 8.5 miles between 7th/Metro Center in downtown Los Angeles and Culver City, and the 6.6-mile extension will add seven stations, ending steps away from the Santa Monica Pier, the beach, Santa Monica Place, the Third Street Promenade, the Palisades Park, Tongva Park and the Santa Monica Civic Center.

"This is a major transit improvement for people throughout Los Angeles County," said Councilmember Krekorian. "People will be able to get from the Valley to the beach without waiting in traffic for hours."

Read more about the Expo Line here: <http://bit.ly/1OBFWJR>.

COMMUNITY CORNER

Preserving Our Valley's History: Idle Hour

Idle Hour, 1941 and 2016. | Photo: CD2

Recently reopened after a thoughtful restoration, the barrel-shaped North Hollywood restaurant and bar known as Idle Hour was built in 1941. Located at 4824 Vineland Ave., the cedar-made building was commissioned by Michael D. Connolly, a film tech at nearby Universal Studios, and built by Silver Lake engineer George F. Fordyk.

For 30 years, Connolly ran Idle Hour as a bar and taproom before it was sold to Jose and Dolores Fernandez, who transformed the space into a flamenco-dance showcase called La Cana that closed in 1984 and sat empty for three decades. Idle Hour is a prime example of programmatic architecture -- buildings shaped like the things.

In 2010, Councilmember Krekorian voted to designate Idle Hour a Historic-Cultural Monument and a year later, the building was purchased by the 1933 Group, of Bigfoot East and West,

Oldfield's, and the Thirsty Crow fame, who began restoring the building right away. The restaurant and bar opened its doors for business in 2015. Find out more about Idle Hour [here](#).

PHOTOS OF THE WEEK

Councilmember Krekorian honored Miyana Pace, a dedicated LA city worker and alum of Southern University/A&M College and Cal State Dominguez Hills, for African American Heritage Month.

EVENTS

Green City Workshops
Saturday, Feb. 27, 9 a.m. to 1 p.m.
TreePeople Headquarters
12601 Mulholland Dr.
Studio City

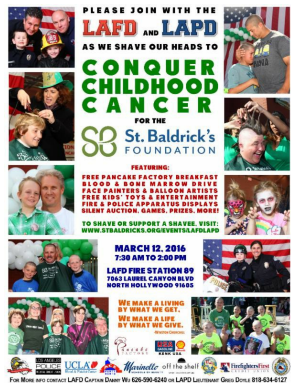

Join TreePeople's free Green City Workshops to learn about how rainwater harvesting and climate-appropriate landscapes are the future for a water-secure LA. To register, visit www.treepeople.org/calendar and sign up by the Feb. 24 deadline. For more info, contact Linda Eremita at leremita@treepeople.org or

(818) 623-4878.

Metro's Active Transportation Summit
Tuesday, Mar. 1, 8 a.m. to 12:35 p.m.
Metro Headquarters, 3rd Floor
One Gateway Plaza
Los Angeles, CA 90012

Metro wants to hear from you on how to make transit better in Los Angeles. During the upcoming summit, community members will hear about Metro's Active Transportation Strategic Plan and get involved in making the San Fernando Valley more transit-friendly. To register, visit <http://bit.ly/1SmgGPf>.

St. Baldrick's Day Fundraiser
Saturday, Mar. 12, 7:30 a.m. to 2 p.m.
Fire Station 89
7063 Laurel Canyon Blvd.
North Hollywood

Join the firefighters of Fire Station 89 to help save a child's life. The annual breakfast will raise funds to fight children's cancer. Enjoy a free pancake and sausage breakfast hosted by the Pancake Factory North Hollywood and Coffee Bean, along with entertainment and activities for the whole family. Learn more by visiting www.stbaldricks.org/events/lafdlapd.

CERT Basic Training
Mar. 2 to April 12, 6:30 p.m. to 9 p.m.
Fire Station 89
Training Room
7063 Laurel Canyon Blvd.

Join the Los Angeles Fire Dept. for a free training course on emergency preparedness. The Community Emergency Response Team (CERT) members are trained in basic disaster response skills such as fire safety, light search and rescue, team organization and disaster medical operations. Class members receive 17 1/2 hours (one day a week for seven weeks) of initial training. CERT is provided free of charge within the city of Los Angeles to anyone 18 or over. To sign up for the classes, visit <http://bit.ly/1RudLkG>. For more information, call 213.893.9530

CANCELLATION OF LEAPS MEETING

Good morning,

Due to an unforeseen circumstance, the LEAPS meeting to Discuss Partnering with Cal-ORCA, which was scheduled for March 1, 2016, is canceled and will be rescheduled in the very near future. I apologize for any inconvenience this may cause.

Thank-you

Joe

>>> JOSEPH HOPKINS 02/17/2016 10:08 AM >>>
Good morning,

On March 1, 2016, at 9:00 A.M., we are having a meeting to further discuss LEAPS partnering with the California Organized Retail Crimes Association. The meeting will be held at LAPD, Commercial Crimes Division, 100 W. First Street, 5th Floor, Los Angeles, California 90012.

Please accept or decline this appointment because I am attempting to arrange parking in the building for those in attendance.

*The parking entrance is located on the east side of Police Headquarters on Main Street between 1st and 2nd. (Reference Point: just past the snack shop but before the Deaton Auditorium.) Also keep in mind that Main Street is a northbound one way street.

Should you have any questions, please feel free to contact me on my cell (213) 359-0250 or the below listed information.

Thanks

Joe
